

Science Immunology | AAAS

JOURNAL SCOPE

Science Immunology publishes original, peer-reviewed, science-based research articles that report critical advances in all areas of immunological research, including important new tools and techniques.

MISSION

To facilitate understanding of the immune system by showcasing innovative advances in the expanding field of immunology, drawing from studies in all model systems and organisms, including humans.

PUBLICATION FEATURES

- High-impact Research Articles and Research Resources.
- Comprehensive Reviews, cutting-edge Perspectives, and topical Focus pieces.
- Highlights in Editors' Choice.

HIGH IMPACT IN ALL AREAS OF IMMUNOLOGY RESEARCH

- Allergy and Asthma
- Antibodies
- Antigen Presentation
- Transplantation
- Autoimmunity
- Cancer Immunology
- Cytokines
- Host Defense
- Immunodeficiency
- Immunogenomics
- Immunometabolism
- Immunotherapy
- Infectious Disease
- Inflammation and Fibrosis
- Molecular and Cellular Immunology
- Mucosal Immunology
- Neuroimmunology
- Structural Immunology
- Systems Immunology
- Vaccines
